Congratulations Graduates!

"Graduation is a time of completion, of finishing, of an ending, however, it is also a time of celebration of achievement and a beginning for the new graduate."

- Catherine Pulsifer

Each year we come together to honor the dedication, commitment, and hard work of those who have completed all of their required course work in our Lactation Consultation Program and our Midwifery Program. After countless late nights of studying, ringing ears from listening to hours of lectures, and gulping down gallons of coffee and tea, these wonderful women deserve celebration and rejuvenation.

Please take a moment to recognize and appreciate their accomplishments.

Community News Cont.

Welcome!

We are very excited to welcome two new staff members to the Birthingway community.

Stepping into the Financial Aid Officer position is **Candace Hall**. She is originally from Atlanta, GA, but has been in the Pacific Northwest for almost a year. She received her Bachelors degree in social work from Georgia State University. She spent a year as a grant writing assistant and two years in social service as a case manager. Candace is a vegan and loves children and babies. She is very excited to join the Birthingway team.

Joining us from a little closer to home is **Erin Gillis**. Erin graduated from Birthingway's Lactation Consultation Program earlier this year. She came fresh from the classroom and was hired as our Breastfeeding Center Office Manager. Erin hit the ground running and has been very busy preparing our new Breastfeeding Center for its open house (see page 8).

An elusive Oregon native, Erin enjoys spending her spare time bonding with and caring for her husband and four children. She first found out about Birthingway almost 20 years ago when she was looking into midwifery schools. It is a dream come true for Erin to be a graduate and staff member of Birthingway.
