“We do not grow absolutely, chronologically. We grow sometimes in one dimension, and not in another; unevenly. We grow partially. We are relative. We are mature in one realm, childish in another. The past, present, and future mingle and pull us backward, forward, or fix us in the present. We are made up of layers, cells, constellations.”

Birth Announcements

Baby River Lee Cook was born on April 2nd with the wonderful midwives of Rosehip Midwifery; although, we did transfer to the hospital an hour before he was born. We couldn't be more in love with him and he now accompanies me to class!

- **Megan Cook**
Midwifery Student

Penelope "Penny" Marie Francis
Born at home July 13th at 4:34am
Weighing 8lbs 7oz, 21 1/4" long

She joins big sister Harper who are both daughters of Midwifery Student, **Brooke Francis**.

Susan Buckley, Midwifery Program Graduate, is pleased to announce the birth of her daughter, Molly Rose Buckley Turner, on December 15th, 2014. She was born via cesarean section at 42 weeks 6 days and was a healthy 10lbs 5oz.

With my last birth I did not go into labor naturally. The week before my son was born I thought I was going into labor all the time. I was sure he would come before school started. The night before he was born, I was making my potluck dish for Orientation. I felt different and I told him he needed to stay in there until Wednesday. He had different plans! I woke up around 5:30am with contractions that would not go away. We started packing up our things to head out to the Aurora Birth Center. I had no idea how long labor was going to last because I was already dilated to about 5cm.

We arrived at the birth center at around 7:30pm. I was checked and was at about 6cm. As contractions became stronger I didn't have faith that I could have this baby naturally. As it turned out the baby was posterior and it was making labor harder. I had to get out of the tub to get him to turn. I didn't really want to get out of the tub because it gave me so much pain relief. Once out of the tub I was on all fours. I had a couple of contractions and then had the innate urge to start pushing. It was like my body was taking over and pushing for me. I was worried about not making it back to the tub. I rushed back over to the tub before I had another contraction. I'm not sure how long it actually took but I finally could feel his head. He was so close! I had to tell myself it would only last a moment longer and I would have him in my arms. Finally, I able to bring my little one earth side. I couldn't believe I had done it! We made the decision to not find out the baby's sex until birth. I was excited to find out that it was a boy! Jaxson Ray Merritt was born April 13th at 1:38pm. He weighed 10lbs 11oz and was 22 inches long. I was attended by Susie Corcoran, **Katrina Bubas-Stevens**, **Nora Hawkins**, **Em Stevenson** and my doula, **Mallory Warning**.

Kaitlin Schofield, Lactation Consultation Student, will be spending her summer with Melissa Morgan, IBCLC, in Spokane for an internship.

Nikki Probst, Midwifery Student, married her fiancé on July 11th at Mount Tabor.

Stacey Marshall, Birthingway staff member, will begin to take over the PDX Doula Collaborative Training from her teaching mentor, Denise Beaudoin. This is a great opportunity to work with hospital-based doula programs.

Taryn Ackelson and **Beverly Yonker**, second year Lactation Consultation students, have been volunteering at several teen parent programs at local high schools. The need for breastfeeding education was recognized by Taryn and Beverly during Winter term's Breastfeeding Politics and Policies class. Their call to action projects and assignments in other classes at Birthingway led them to take a step towards using their worksheets and lesson plans in real life. While the hours of teaching at high schools do not count toward their direct contact hours, and the time and energy spent preparing and teaching is not compensated, these ladies feel the call to provide adolescent moms-to-be with opportunities for informed choice for their infant feeding options. With a biodynamic approach and evidence-based information, the "dynamic duo" have taught breastfeeding classes at Centennial High School, Sabian Schellenberg HS, and Vancouver's Hudson Bay HS. They continue to work with the coordinators at the schools, while reaching out to other programs, to practice their teaching skills and gain experience. The reward for this has been an overwhelming sense of empowerment and accomplishment for Taryn and Beverly who are committed to birth and breastfeeding education for pregnant teens and their partners.

Community News

Farewell! **Nancy Longatan**, Birthingway's Faculty Coordinator for the past 4 1/2 years, has resigned to pursue a new employment opportunity in the Philippines. She and her husband hope to begin working with a small theological seminary in Cavite, Philippines later this Fall. She plans to study medicinal herbs in use there and to build connections with midwives and lactation consultants in the area.

"I'm really grateful for everything I've learned while working at Birthingway, and I have great optimism about the future of this wonderful college," she said. She also invites anyone traveling in that direction to drop by for a visit.

Nancy and her husband, Dan, in front of the house they lived in in the Philippines in 2008-09.

Midwifery Student, **Allegra Lilly**, is happy to announce her new apprenticeship at Alma Midwifery.

Heather Hack-Sullivan is pleased and happy to announce that recent graduate, **Emilia Smith**, is joining Rosehip Midwifery as a licensed midwife. Both Heather and Emilia are excited to continue working together.

Thank you, Sharon Jonquil, for your donation of beautiful landscape and still-life paintings for our campus!

"How it Feels to be Pregnant"

By Midwifery Student,
Jillian Denny

Movement like crazy

Baby inside the belly

Emotional love

Belly Models Needed

Throughout fall term, our midwifery students will need tummies to touch and listen to so they can practice their skills. If you (or someone you know) will be at least 20 weeks pregnant by October, are available on some Tuesdays from 3:30-5 pm, and would like to earn \$20 a session with our very gentle and loving students, then let us know.

Please email **Rhonda Ray** at Rhonda@birthingway or call the school at 503-760-3131.

"A Love Returned"

By Midwifery Student, **Anna Soderberg**

Warm and waiting
singing in harmony
with my friends
a concert of potential
a rhythm of flesh
waiting for something
but WHAT?
I know it's ... something
then...something
explodes!
And I am thrown gently into the darkness
massaged and loved along the way
leaving my safe place behind
going somewhere new
where?
Not yet.--I. am. Not. to. Know.

Yet.

All alone
in the dark
singing my own song
prancing along the pathway
so long and wind-ey
is there an end?
OH!!!!
it's NOT ABOUT THE END!!!
The end is coming to ME!

Eventually.

I feel a rush – a wave
and someone alien...
...a thousand million someones
are embracing me

desiring me
to become a part of their world!

I WILL NOT YIELD!
I AM MY OWN SELF!

And yet...
so persistent...so...interesting...

what would happen, I wonder,
if perhaps –
I let one in

to see my soul...

And hear the secrets of their world?
What would life be if not for taking risks and trying new things?
Oh, alright... come on in –
I open my silver door –

and you are here! Welcome!

Then two are one and one are two and four and eight and life!

And the numbers are meaningless
for there is only this...New...Song.

So fast, So fast, So fast, So fast,
and we you I, we love!

And create. We cannot stop. It is inevitable.

We are...NEW!

We tumble, we stumble,
we seem to fall UP

into a warm and loving space

so fresh and new
so different from my first home
yet still

safe.

As different as I am different now?
There is no "I" now, there is no "me"
there is only WE
and yet inside of we
we make more "me"
and all these new feelings
protrusions, angles curves

Never known before
yet somehow familiar
some memory

we cannot hold

just at the corner of the fold...

The love returned.

Prerequisite: Physical Assessment I (PHY221q). Co-requisite: Well-woman Gynecology (GYN341q). We require students to have been a member of the cohort currently completing this course for at least one year or by special permission. Skills introduced include bimanual and speculum exams, Paps, cultures, cervical cap and diaphragm fittings, pelvimetry, breast exams, bladder catheterization and wet mounts. Taught by Megan Felling, BS, CPM, LDM					
Human Genetics (GEN231q)	3 Cr	10 Sessions	Thursdays: 9/17, 9/24, 10/1, 10/8, 10/15, 10/22, 10/29, 11/5, 11/12, 11/19/15. (Make up day: 12/3/15)	6:00pm-9:00pm	Carlton House
Using class discussions, lecture, videos, role-playing and small group activities, this course covers basic genetic concepts, genetic screening and diagnosis, pregnancy counseling, and common genetic disorders such as sickle cell, Tay-Sachs, and Trisomy disorders. Taught by Kristen Werth, BS. Maximum class size: 20					
Independent Study					
Student led independent research with an approved faculty member. Students interested in pursuing an Independent Study must initially complete an <i>Intent Form</i> designating the proposed topic, advisor and credit value. Please meet with your program coordinator or the Faculty Coordinator for more information. Allow seven weeks prior to the term in which you will pursue the Independent Study to complete all preparatory steps. Course number will be determined by the Academic Coordinator based on rigor and amount of work.					
Information Literacy (INL111q)	1 Cr	5 Sessions	Wednesdays: 11/4, 11/11, 11/18, 12/2, 12/9/15. No class 11/25/15.	6:00pm-8:30pm	Carlton House
This course explores how to obtain, evaluate, use, and cite information, and how one can best base decisions on validated information. Students will learn how to identify gaps in their knowledge and recognize when they need information, find information efficiently and effectively, using appropriate research tools and search strategies, evaluate and select information using appropriate criteria, treat research as a multi-stage learning process, ethically and legally use information and information technologies, and understand how information relates to professional decision-making and writing papers. Taught by Kathryn Constant, MLS					
Intrapartum (INT251q)	5 Cr	12 Sessions	Tuesdays: 9/22, 9/29, 10/6, 10/13, 10/20, 10/27, 11/3, 11/10, 11/17, 11/24, 12/8/15 from 9:00am-1:15pm. 12/1/15 from 11:00am-5:00pm		Foster House
Prerequisite: Antepartum (ANT251q). Co-requisite: Fetal Assessment (FET211q), Prenatal Skills (PRE211q). Using lecture, discussion and audio-visual aids, we cover the psychophysiology of labor and birth; biodynamic facilitation of first, second, third, and fourth stages; unusual situations including precipitous birth, cord prolapse, nuchal cord, back labor, abruption, previa, hemorrhage, and third stage issues. Taught by Holly Scholles, MA, CPM, LDM. Maximum class size: 18					
Maternal Complex Breastfeeding Situations (MCS221q)	2 Cr	7 Sessions	Thursdays: 10/15, 10/22, 10/29, 11/5, 11/12, 11/19, 12/3/15. No class 11/26/15.	9:00am-12:00pm	Carlton House
Prerequisite: Anatomy and Physiology for Birth and Lactation Professionals (ANP151q), Breastfeeding III (BRF213q). Midwifery students only: Enrolled midwifery students may waive the Breastfeeding III prerequisite if they have completed Breastfeeding II (BRF222q) and Postpartum (PTM251q). This course covers a variety of more complicated physiologic scenarios for mother including: breast surgery (reductions, enlargements and cancer); nipple issues (flat, inverted etc.); genetic disorders; Cesarean birth; milk production; drug interactions. In addition, it covers psychosocial issues, such as socioeconomic issues, literacy issues, social support (lack thereof), teen moms, cultural issues in US, grief, family transition, tandem nursing, anorexia nervosa and other eating disorders, and Perinatal Mood Disorders. Taught by Bryna Sampey, IBCLC

Dissecting medical terms into recognizable word parts, we decipher what can be an intimidating language, in order to chart appropriately and communicate with other medical professionals. As we go through body systems, this class is an overview of anatomy, physiology and pathology. Lectures weaving in related stories of pregnant women and babies, individual presentations, and a few games spice up the memorization. This course meets new Midwifery Program prerequisite requirements for the 2015 matriculating class. Taught by Sara Ohgushi, ND. Maximum Class Size: 20.					
Midwifery Integration (MIN411q)	1 Cr	5 Sessions	Wednesdays: 10/21, 10/28, 11/4, 11/11, 11/18/15	1:00pm-3:30pm	Carlton House
Prerequisites: All required midwifery program courses must be completed or in progress. It is strongly suggested that students have prior clinical experience and have begun attending births as a primary under supervision before registering for this course. In this capstone course, students use their practice guidelines, protocols, forms, information sheets, informed choice forms and other information to manage practice scenarios with a standardized patient. For 2011 and earlier cohorts, please see the Midwifery Program Coordinator. Taught by Jacqueline Zapp-Albin, BS, CPM. Maximum class size: 5

Payment of tuition and fees is due at the time of registration for each term unless you are eligible for a financial aid disbursement in the term (have a complete FAFSA on file and a signed award letter with an anticipated disbursement in this term). Financial aid is only available for eligible Midwifery Program students. Equipment kit charges are due when ordered, unless you are on financial aid AND you have authorized payment from your financial aid disbursement. All overdue amounts are subject to finance charges of 15% APR with a \$5 minimum per month. A student must be in good financial standing to register for a new term. Any costs incurred to collect these amounts are the responsibility of the student.

Credit card payments are accepted through PayPal by visiting <http://www.birthingway.edu/payment.htm>. By paying through PayPal, you agree to PayPal and Birthingway's terms and conditions. You must include a copy of your PayPal payment confirmation if paying by PayPal, or your registration will be incomplete and delayed until confirmation is received.

By signing below, I agree that I have read and understand all policies stated above.

Please Sign and Date below. An unsigned or incomplete registration form will delay your registration.
